

## **Mikrotik Product in Nepal**

Mikrotik is a Latvian network equipment manufacturer. The company develops and sells wired and wireless network routers, network switches, access points, as well as operating systems and auxiliary software. The company was founded in 1996 at Riga, Latvia by John Tully & Arnis Riekstins with the focus of selling equipment in emerging markets.

Later on, Mikrotik product spread steadily throughout the world, and Insight Technology Pvt. Ltd. became Nepal's first Mikrotik Authorized Distributor. The main product of MikroTik is a Linux-based operating system known as MikroTik RouterOS. Ethernet Routers, Switches Wireless for home and office, and RouterBOARD of Mikrotik have resellers in most parts of the world, and customers in probably every country on the planet.

We Insight Technology Pvt. Ltd. have distributing Mikrotik Product at very reasonable price to fulfill maximum customer satisfaction. As with the development of modern technology in the country, demand of Mikrotik Product has significantly expand.
